AUTHORISED STATEMENT OF THE SERVICES WHICH THE TRUST MAY RENDER TO THE PUBLIC, AND OF THE CONDITIONS AND CHARGES ATTACHING TO SUCH SERVICES.

1. THE TRUST'S RESPONSIBILITY FOR GOODS PASSING THROUGH ITS PREMISES.—(*a*) *Accommodation and watching.*—For the convenience of its clients, whether importers, exporters or steamer agents, the Port Trust provides and polices accommodation, covered, uncovered, locked or unlocked, as required, for imports in process of transit between ship or lighter and port or wagon, and for exports in the reverse direction.

(*b*) *Trust not responsible unless goods in definitely tendered to it for custody.*—But the passage of goods into or through the Trust's premises, or the handling of them by the Trust, or the storing of them, for the convenience of its clients, whether under roof or not, or locked or not, does not bring such goods under the baileeship of the Trust, as contemplated in section 41 (2) of the Madras Port Trust Act, unless and until a receipt relating thereto, as specified in section 40 (1) of that Act, shall have passed from the Trust to those tendering the goods to it for custody, in compliance with a request by the tenderers.

(*c*) *Owner responsible for packages under appraisement.*—Goods opened by order of the Customs Department or removed by the Trust, under the instructions of the Customs Department, for examination or appraisement, remain at the risk of the owner until, with the permission of the Customs Department, they shall have been returned definitely by the owner to the Trust for custody and a receipt for them shall have been granted.

(*d*) *Continuance of Trust's acceptance of baileeship.*—Goods tendered for custody to the Trust as bailees, by importers, exporters or steamer agents, must be tendered at such places and be stacked in such manner as the Trust may appoint for the purpose, from time to time, or may direct to the tenderer.

(*e*) *Conditions on which exports in Trust's custody may pass out.*—Exports which have passed into the Trust's custody, as per clause 1 (*b*) and (*d*), may not be moved for shipment until the receipt given for them by the Trust to the exporter, or an acquittance of equivalent validity, shall have passed to the Trust from the exporter.

2. BOARD'S OPTION TO PERFORM SERVICES.—(*a*) *To carry goods by water.*—Under section 39 of its Act the Board has the option to load, ship or tranship goods between vessels in the port and its wharves, piers or docks. But the Board does not at present perform any such services.

(*b*) *To take charge of goods for delivery or shipment.*—Under section 39 of its Act, the Board has the option to undertake, or to refuse to undertake, the reception, removal, porterage or storage of goods brought within its premises. For goods of which it consents to take charge, the Board is bound, under section 40 (1) of its Act, to give a receipt therefor as required. But at present it does not take charge of the following classes of goods, whether in the open or under such shelter, locked or unlocked, as may have been placed at owners' or steamer agents' disposal by the Board, viz.:—(i) exports not specifically tendered for custody under clause 1 (*d*) and for which a receipt has, therefore, not been granted, (ii) iron and steel, etc., the handling of which has been relinquished by the Trust to steamer agents, (iii) non-dutiable coasting cargo of which the handling has been relinquished by the Trust to steamer agents—other than the combustibles that must be landed under the Board's combustibles permit, (iv) Government stores, and (v) the following classes of goods, i.e., free goods, coal, coke, ashes, stone, ores, explosives, firewood, kerosine, liquid fuel, petrol, empty oil casks, redwood, timber, specie, and all goods landed outside the harbour.

3. PORTERAGE OF IMPORTS.—(*a*) *Rates and charges.*—The rates given in Port A of the Trust's Scale of Rates cover porterage of imports by the Trust. Port B of the scale contains goods the porterage of which by the Trust is not covered by the rates given. The rates given in scale A do not cover the handling of goods landed outside the harbour. Whenever, at the request of importers, the Trust handles any goods not ordinarily so handled, it will levy an additional charge equal to the usual cost incurred in such handling with 4 annas per ton as a minimum, and also cranage charges if incurred, but will accept no responsibility in respect of cargo so handled.

(*b*) *Relinquishment of porterage by Trust to steamer agents.*—Whenever the Port Trust agrees with steamer agents to relinquish to the latter the porterage of non-dutiable coasting cargo, the rates of

harbour dues payable by owners of such cargo will be 4 annas less per ton than those quoted in the sanctioned scale of rates; this reduction will not, however, apply to the exceptions given above, viz., to items in Part B of the scale, goods landed outside the harbour, and goods of which the rate is per "each." Whenever the Port Trust agrees with steamer agents to relinquish to the latter the porterage of iron or steel, etc., whether coasting or foreign, consigned to others than to Government, and landed at the boat basin iron yard, the rate of harbour dues thereon will be 8 annas per ton less than that quoted in the scale of rates.

(c) Trust may collect steamer agents' porterage charges.—Should an agreement be come to between the Trust and a steamer agent that the latter shall handle cargo ordinarily handled by the former, at an agreed rate, both parties to the agreement will be at liberty to arrange, mutually, for the Trust to collect from owners, and pay to the steamer agent, the agreed rate for porterage, without the steamer agent being thereby constituted the Trust's contractor or agent.

4. PORTERAGE ON EXPORTS—(a) *Trust passes out exports at exporter's risk.*—The porterage of exports by the Trust is not covered by the rates given in the scale. But in order to avoid the confusion that must occur if the carrying and stacking of exports, passing out for shipment through its sheds and over its piers or wharves are left to exporters themselves, the Trust ordinarily handles and stacks cargo so passing out, under a general charge of 4 annas per ton, per passage, whether its cranes are used or not. Exports so handled for shipment do not, however, pass thereby into the Trust's custody, but are at the risk of the owner. Should any part of them have been in the Trust's bailleship under clause 1 (*d*), prior to their passing out for shipment, they will already have left such custody under clause 1 (*e*) before being handled.

(*b*) *Rebate if owners handle exports.*—Should owners of exports desire to do so, they may, with the Trust's permission endorsed on the "application", handle their goods themselves, and in that case they will be granted a rebate of 2 annas off the 4-anna charge just mentioned. But such permission will be given for the handling of the whole, not a part, of the exports covered by one "application."

(*c*) *Unloading exports.*—Exports arriving by road must be unloaded and stacked by owners. Exports arriving by rail, other than ores, coal, kerosine-oil, rough stone, ballast, timber and such like, will be dealt with as per clause 11 (*b*)—that is, on behalf of the Railway, the Trust will unload the wagons or, as the alternative, will pay owners 2 annas per ton for doing so.

(*d*) *Railed goods unloaded in owner's absence.*—If, in order to avoid delay, the Railway should ask the Trust to unload its wagons in the absence of owners, the Trust will take such goods definitely into its custody, under clause 1 (*d*), giving the Railway a receipt for them, as therein specified, pending the owner's arrival and instructions.

(*e*) *Goods not shipped.*—Goods entering the harbour premises by rail, but not shipped, are liable for harbour dues. Goods transhipped between wagons in the harbour will be treated as export cargo and will be liable for harbour dues and terminal charges, subject to a refund by the Trust of the Railway charge of one pie per maund on the outgoing railway wagons.

(*f*) *Conditions.*—For the purpose of assessing dues, all exports must be suitably stacked for count, weighment or measurement at places pointed out by the Trust. No exports may be moved forward for shipment until all dues thereon shall have been paid.

5. SPECIAL PORTERAGE.—For porterage, other than that for exports as per clause 4 (*a*), done by the Trust and not covered by harbour dues, the charge will be the actual cost to the Trust of such porterage, with 4 annas per ton as a minimum.

6. TRANSIT DUES ON IMPORTS LEFT LYING IN THE TRUST'S PREMISES.—(*a*) On goods not cleared within six working days following the date on which the vessel concerned shall have completed discharge of her cargo, and excluding Sundays and Chamber of Commerce holidays, transit dues will be charged at the following rates:—

For the first week, or portion thereof—

(i) On consignments whose actual invoiced weight or measurement covers 50 tons and over .. .. 2 annas per ton per day.

(ii) On consignments whose actual invoiced weight or measurement covers 10 tons and over, but less than fifty tons .. .. 4 annas per ton per day.

(iii) On consignments whose actual invoiced weight or measurement covers less than 10 tons .. .. .. 8 annas " "

For the second week or portion thereof—twice the above rates.

For the third and succeeding weeks or portions thereof—thrice the rate for the first week.

(*b*) Half the above rates will be charged if goods lie in the open without covering of tarpaulin or roof. Goods remaining uncleared at the expiry of the free days will be liable to the "special porterage" fee specified in clause 5, if shifted by the Trust in the interests of cargo generally. After transit charges begin to accrue, no allowance will be made for Sundays or holidays.

7. (*a*) STORAGE ON EXPORTS.—Exports may stand within the Trust's premises, free of storage charges, for a period of six working days, excluding Sundays and Chamber of Commerce holidays, before that of the arrival in port of the vessel in which shipment is effected, with, in addition, the days the vessel remains in port. For periods longer than the aforesaid free days, storage will be charged at the following rates:—

For the first week or portion thereof—1 anna per ton per day.

For the second week or portion thereof—2 annas per ton per day.

For each of the third and following weeks or part thereof—4 annas per ton per day.

Half the above storage rates will be charged if goods are stored in the open without covering of tarpaulin or roof.

(*b*) Goods remaining on hand at the expiry of the free days will be liable to the "special porterage" fee specified in clause 5, if shifted by the Trust in the interests of cargo generally.

(*c*) No free days will be allowed for goods, covered by one application, brought for export into the Trust's premises but subsequently removed without having been shipped. But intended shipments shut out by a vessel through no fault of the shipper, if removed from the premises, will receive the benefit of the free period as if the goods had been shipped. For goods shut out and left in the premises, not more than a total of six free working days counting from their original date of receipt into the premises will be allowed. After storage charges begin to accrue, no allowance will be made for Sundays or holidays.

(d) *Storage of fireworks.*—For fireworks stored in the Trust's magazine the following scale of storage will be charged :—

For the first week or portion thereof, after the expiry of the same free days as are allowed to all other imports—

(i) On fireworks whose owners have licenses entitling them to possess not more than 50 lb. at one time—3 pies per ton per day

(ii) On fireworks whose owners have licenses entitling them to possess more than 50 lb. at one time—6 pies per ton per day.

For the second week or portion thereof—twice the above rates.

For the third and succeeding weeks or portions thereof—three times the above rates.

8. RENTED SPACE—(a) *Allotment of space.*—Persons requiring to rent space for the storage of their goods on the Trust's premises may obtain it, if available, by making application in writing, prior to the deposit of the goods, for a permit in the form prescribed by the Trust from time to time. But it will be in the Trust's discretion to consent or to refuse to allot such space. Rented space may not be sub-let.

(b) *Owners' risk.*—In applying to be let store goods on space available for rent, owners must state that they understand that they accept all risks and responsibility for goods so stored.

(c) *Open space.*—For rough goods stored in the open, such as coal, coke, minerals, timber, scrap iron, firewood, redwood, stone, etc., rent will be charged for at the rate of 2 annas per day per 1,000 square feet allotted, or part thereof.

(d) *Covered space.*—For cargo stored in certain sheds allotted by the Trust for such purpose from time to time, the rent will be at the rate of Re. 1 or Re. 2 per calendar month or part thereof per 100 square feet allotted or part thereof, as may be laid down by the Trust from time to time, according as the sheds are locked by the Trust or by the owners of the cargo. But the locking by the Trust of sheds thus partly or wholly rented does not avail to make it bailee of the goods so stored unless the receipt specified in clause 1 (b) shall have passed.

(e) *Timber.*—For timber allowed to lie in the sorting enclosures of the timber yard beyond the free time allowed by the Trust's timber-yard rules from time to time, rent, payable by the landers of such timber, will be charged at 4 annas per day or part thereof per 1,000 square feet or part thereof on the whole area of the enclosures allotted to them. But for such timber the permit referred to in paragraph 2 (c) is not necessary. The transit dues leviable under clause 6 will be recovered, from landers, on timber left afloat in the timber pond beyond the expiry of such free days as the Trust may see fit to grant. A consignee of timber landed in the floating timber-yard failing to pay his dues within seven days, including the date of the departure of the vessel from which his timber has been landed, will be liable for transit dues under clause 8.

(f) *Conditions.*—The occupation of space under rental terms will be subject to the conditions set forth in the permit. In the absence of the permit, double the above rents will be charged.

9. ADDITIONAL CHARGES ON IRON AND STEEL.—(a) After allowing for such free days, exclusive of Sundays and Chamber of Commerce holidays, as the Trust may see fit to grant, the following transit charges per ton per day will be made on undelivered balances of consignees' iron or steel, handled by steamer agents at the boat basin iron yard, as worked out from day to day. The first month will be considered as commencing from the date of the sailing of the vessel consigned :—

First month	½ pie.	Third month	2 annas.
Second month	1 anna	Later months	4 "

(b) On goods stored under cover in the shed allotted for sheltering certain kinds of iron and steel, transit charges will be recovered at four times the above rates.

(c) If, in the interests of the Trust's business, it is found necessary to shift any of such iron or steel, the charge to the consignee for its removal will be 8 annas per ton for each shift. Iron or steel remaining unremoved, beyond the end of the day following delivery, will have to pay 8 annas per day or part of a day for each 100 square feet or part thereof occupied.

10. CRANAGE—(a) *Rate per ton.*—For the cranage of goods at any wharf, pier, dock, land or building in the possession or occupation of the Board or into or from any truck or railway vehicles the charge for each package, by measurement at 50 cubic feet to the ton, or by weight at the Trust's option, per ton per hoist, will be as follows.—

	Rs.	A.	P.
Up to 1 ton	0	4	0
Over 1 ton and up to 2 tons	1	8	0
Over 2 tons and up to 5 tons	2	8	0
Over 5 tons and up to 10 tons	4	0	0
Over 10 tons and up to 15 tons	5	0	0
Over 15 tons	6	0	0

(b) *Exception.*—But when, in the scale, a rate is quoted per package or per animal, it includes all cranage when the goods are landed or shipped.

(c) *Iron and timber.*—All goods passed in at the boat basin iron yard, and all timber handled at the floating timber-yard measuring 5 cubic feet and over for each piece, will pay 4 annas per ton cranage, whether the cranes that have been provided are used or not. When timber measuring less than 5 cubic feet per piece is craned, cranage at 4 annas per ton will be charged.

(d) *Hire of cranes.*—Cranes, if available, of 5 tons capacity or under, hired to merchants for a special purpose, outside the ordinary routine of landing and delivery, will be charged for at the rate of one rupee per crane, per hour or part thereof for hand cranes and at double this rate for steam cranes. The use of the wagon-loading cranes in the timber-yards is free.

(e) *Cranage on liquids.*—For the calculation of cranage on liquids, whose rates of harbour dues are fixed in the scale per 54 gallons, one ton will be considered as equivalent to 216 gallons, or to 30 cubic feet, at the Trust's discretion.

11. EXCHANGE OF TRAFFIC WITH RAILWAYS.—(a) *Harbour charges on railway traffic.*—For all goods entering or leaving harbour premises in railway vehicles, with the exception of crude ores, coal, kerosine oil, rough stone, ballast, timber and such like, the Railways, when collecting their freight from owners, will also on behalf of the Trust collect the sum of 2 pies per maund as "harbour terminal charges." In the case of the exceptions just referred to, as well as all military traffic booked

as goods, half that rate, or 1 pie per maund, will be recovered for harbour haulage only. On export produce railed in from a Railway's local godowns for direct shipment from wagon to steamer or from wagon to boat, the Railway will collect 1½ pies per maund for the Port Trust and ½ pie per maund for their own shunting charge.

(*b*) *Concession in return for harbour charges.*—In return for its share of the charge of 2 pies per maund collected for and remitted to it by the Railways under clause 11 (*a*), the Trust will haul the vehicles containing the goods that have paid the charges and if asked to do so by the Railway, will load or unload such goods, once, into or from the railway vehicles. But when, with the Trust's permission, such loading or unloading is done by owners, the owners will be given a rebate of 2 annas per ton on the goods so handled.

(*c*) *Harbour charges on passenger and troop trains.*—To cover the cost of haulage within the Trust's premises, the Railways, when collecting their freight charges on all vehicles containing passengers, troops or animals, entering or leaving the harbour, will, on behalf of the Port Trust, collect port terminal charges at the rate of one pie per maund calculated on the tare of the vehicle. But the Railways and the Trust may agree to convert this into a rate per vehicle according to gauge and class.

(*d*) *Retention of wagons in Railway interest.*—Loaded railway wagons entering the Trust's premises will not be placed in position for unloading, nor may they be unloaded by or on behalf of any person or firm, until such person or firm shall have surrendered to the Trust the Railway's *clearance certificate* showing that all railway charges have been paid and the railway receipt surrendered. Similarly, wagons loaded with goods for outward despatch will not be handed over to the railway by the Trust until the *consignment note* shall have been accepted by the Railway.

(*e*) *Demurrage.*—When railway vehicles, which have been made over by the Trust to firms or to individuals for loading or unloading, are detained beyond the period specified for such work by the Trust from time to time, such firms or individuals shall pay, to the Trust, demurrage charges, according to the demurrage rates, per ton per hour, published in the Railway Tariffs. But no demurrage will be collected by the Trust on any wagon whose total detention in the harbour has not exceeded the free time allowed to the Trust by the Railway concerned. Should additional demurrage charges be caused by delays in complying with the requirements of clause 11 (*d*), or by failure or neglect to comply with Customs or Port Trust formalities, such charges will be debitable to the firm or individual concerned.

(*f*) *Hire of railway vehicles.*—Hire charges accruing on vehicles employed in the harbour premises, billed for by the owning Railway, will be collected from those concerned by the Trust on behalf of the Railway. Vehicles hired from a railway will be hauled by the Trust, on behalf of the hirers, at the rate of 2 annas per ton of marked carrying capacity for each round trip.

12. LOCAL RAILWAY TRAFFIC IN THE HARBOUR.—(*a*) *Haulage and handling charges.*—For export produce railed from sheds rented by exporters in the Trust's premises, for direct shipment from wagon to steamer or from wagon to boat, the Trust will charge 2 pies per maund, *viz.*, 1 pie per maund for the haulage of the wagons and 1 pie per maund for unloading the wagons and shipping their contents. The loading of such goods into wagons must be done at their own expense by the exporters concerned. But when, with the Trust's permission, unloading and shipment are done by exporters they will be given a rebate of 2 annas per ton for goods shipped direct from wagons into a steamer and 2 annas per ton for goods unloaded from wagons into boats. For other services performed by the Trust at the request of owners, in connection with the shipment of export produce from rented sheds, the rate for handling will be 4 annas per ton for each operation. In the case of all other goods loaded or unloaded by the Trust into or out of Port Trust wagons, the rate for handling will be 4 annas per ton for each operation and the haulage charge will be 2 annas per ton of marked wagon capacity for each round trip.

(*b*) *Hire of Port Trust wagons.*—Port Trust wagons, if available, will be hired to the public at the rate of 6 annas per ton of marked wagon capacity per midnight-to-midnight day, or part of such day. Vehicles hired from the Port Trust will be hauled, on behalf of the hirers, at the rate of 2 annas per ton of marked wagon capacity for each round trip.

13. TRANSHIPMENT.—Goods manifested for transhipment, and transhipped, from ship to ship, whether directly or *viâ* the shore, will pay only quarter harbour dues. But if handled by the Trust, such goods will pay a further sum of 4 annas per ton for each operation, whether in or out. Clause 7 will apply to goods awaiting transhipment on the Trust's premises, except that for such goods the storage charges there quoted will be halved. Cranage will not be charged on such goods. Coal or petroleum fuel which has paid harbour dues on landing may be reshipped free of dues. If the tonnage of transhipped goods cannot otherwise be readily ascertained, dues will be levied on the tonnage of the lighters or other craft conveying them. In the case of import goods on which the Trust relinquishes a portion of the harbour dues for handling, the harbour dues for transhipment will be calculated on the balance left after the amount to be relinquished has been deducted.

14. WORKING HOURS.—The Trust's "ordinary working hours" are the hours fixed for Customs working from time to time by the Collector of Customs, Madras.

15. OVERTIME WORKING.—Steamer agents or others, who require business to be done outside the Trust's ordinary working hours, shall put in a regular application for such overtime working, not later than 2 P.M. on the same day, or in the case of Sundays and holidays on the previous working day, and shall pay to the Trust overtime fees on the following scale, whether subsequently they offer cargo during such outside hours or not:—

Services to be paid for	Working days.	Sundays and gazetted holidays.	
	Each hour per section.	Half a day per section.	A full day per section.
	Rs.	Rs.	Rs.
Keeping a section of the yard open for outside labour ..	5	10	15
Keeping a section of the yard open for the Trust's labour.	10	20	30

But no charge shall be made for keeping a gate open for the passage of export goods to spaces leased to merchants under clause 5.

16. REFUNDS.—*(a) Imports.*—Applications for refunds of dues paid on imports, or on goods intended for import but not landed, will not be considered unless submitted within three months from the date of the arrival of the vessel from which the goods in question were landed or intended to be landed.

(b) Exports.—Applications for refunds of dues paid on exports, or on goods intended for export but not shipped, whether such goods have entered the Trust's premises or not, will not be considered unless submitted within one month from the date of the departure of the vessel concerned, and in the case of unshipped goods refunds will only be made on proof of short shipment.

(c) Goods of which the rate is per "each."—Where goods have paid dues at a rate quoted *per each* in the scale, and have been landed to be shipped, one-fourth of the dues so paid shall be retained by the Trust when making a refund, if the goods have been erased by the Trust.

17. DUES, HOW LEVIABLE.—Harbour dues, cranage, removal fees and porterage special, as well as transit dues and storage if incurred, will be levied on the gross tonnage of each package. Dues on coal and coke will be levied on the manifested tonnage of the vessel's cargo. In calculating the charges leviable under this scale of rates on any one item, all half annas or fractions of less than half an anna will be waived while all fractions exceeding half an anna will be treated as one anna. Similarly, in calculating the tonnage of any one item, a load of less than or up to 5 cwt. will be treated as 5 cwt.; a load exceeding 5 cwt. and up to half a ton will be treated as half a ton; a load exceeding half a ton and up to 15 cwt. will be reckoned at 15 cwt.; while a load exceeding 15 cwt. and up to 1 ton will be calculated as 1 ton. Fractions of measurement-tonnage will be similarly treated.

18. SHIPS' REQUIREMENTS.—*Bond fide* ships' fittings, ships' stores, dunnage, and provisions for the use of ships using or frequenting the port need not pay harbour dues, but will have to pay for special services, if rendered.

19. MINIMUM CHARGE.—If the aggregate of all charges payable to the Trust in respect of any one consignment shall amount to less than 2 annas, a charge of 2 annas will be levied for that consignment. "Consignment" means the goods covered by one import or export "application." If transit or storage dues are incurred and amount to less than 2 annas, a charge of 2 annas will be levied on the consignment concerned.

20. HARBOUR DUES ON GOVERNMENT STORES.—For all Government stores, except specie, explosives, coal, coke and timber to which the schedule rates in list B will apply, a uniform rate will be charged at Rs. 2 per ton of 20 cwt. or per ton of 50 cubic feet, inclusive of all cranage. This rate does not include transit dues or storage, haulage, or hire and demurrage on wagons which, if incurred, will be levied at the usual rates. Whenever the Port Trust relinquishes the porterage of Government stores other than the exceptions above referred to, the rate of harbour dues for such stores will be Rs. 1-12-0 per ton instead of Rs. 2. The baggage of troops embarking and disembarking will be covered by a charge of 4 annas per head on soldiers and followers. All regimental and mess stores and officers' chargers will be charged at schedule rates.

21. PASSENGER LANDING TOLL.—All steamers landing or embarking third-class passengers at Madras shall pay to the Port Trust a toll of 4 annas per head of this class of passengers. In return the Port Trust will either bring such steamers alongside a quay or arrange for the landing of their passengers in boats free of charge. The Master or Agent of every such vessel must submit to the Trust a copy of his passenger-list in support of the amount so paid.

22. VESSELS IN DISTRESS.—The following are the rules for collecting dues on cargo landed at the port of Madras from vessels in distress:—

(*a*) All cargo to pay import harbour dues on landing, except such cargo as may already have paid export harbour dues at Madras and may not have been carried to its destination.

(*b*) All cargo to pay cranage both in and out and transit dues or storage while on the Trust's premises, at the usual rates.

(*c*) Cargo found sound, and re-shipped without having left the Trust's premises, to be exempt from further export harbour dues.

(*d*) Where marks are indistinguishable and the cargo is loaded in bulk, or under such conditions that the tonnage is not readily ascertainable, the licensed carrying capacity of the barge that brings the cargo to shore shall be taken as the tonnage, a proportionate reduction being made for half loads. Where marks are indistinguishable and the cargo is landed direct on to a quay, in bulk or under such conditions that the tonnage is not readily ascertainable, the measurement shall be made by actual cubical contents at 50 cubic feet to the ton.

PRESS COMMUNIQUE.

No. 18.—Professor Geddes, the well known authority upon town-planning and its allied interests, has arrived at Government House with his son and has arranged to hold at the Senate House an exhibition on town planning which will be open in the mornings from 7–30 to 11 and in the afternoons from 4 to 6 P.M. from Monday, 18th January, to Saturday, 6th February. Simultaneously with the exhibition, Professor Geddes will deliver, at the Engineering College, each evening from 5 to 7 P.M. between the 18th January and the 6th February a course of lectures which will arrange itself into three parts. The first part, lasting from 18th to 23rd January, will deal with the concrete problems in town planning presented by typical towns in this Presidency; the second part, from 25th January to 30th January, will deal with the wider aspects and issues of town planning in Indian and European cities; while the third part, from February 1st to February 6th, which will be given under the auspices of the University of Madras, will embody a more general study of civics, and of cities in their varied evolution of progress, deterioration and renewal. The course will thus consist of three parts which, each complete in itself, will form, in continuation, a connected study of the subject from its simpler to its more complex problems. Admission to the lectures will be by tickets, which may be obtained on application to the President of the Madras Corporation. Ticket-holders will be admitted to the exhibition free and others on payment of four annas.

NOTE.—*The figures in brackets are offered as an approximate indication of the number of days which, in a course extending over 125 lectures, might suitably be devoted to the respective periods or tendencies or thinkers enumerated. In the case of Plato, Aristotle, Descartes, Spinoza, Leibniz, Hume, Kant and Hegel, a thorough critical understanding should be aimed at of their main constructive conceptions, accompanied—at least in the case of Spinoza, Hegel and, very especially, Kant—by some measure of first-hand acquaintance with selections from their writings. In respect of the rest of the Syllabus no more is intended than such a general acquaintance with the most prominent tendencies as may suffice to provide an intelligible setting for the five-mentioned eight thinkers and to give a bird's eye view of the history of philosophy in its outstanding features.*

(5) *A syllabus is under preparation and will be announced later.*
(6) Bradley's Appearance and Reality.
(7) (a) The Advaita Vedânta, to be studied historically and critically.

THE public are hereby informed that the right of manufacture of salt under the excise non-compensation cheese system in the undermentioned blocks of salt pans shown below in the Covelong factory will be sold by auction in blocks by the Inspector of the Salt, Abkari and Customs Department, Covelong Circle, at his office at Kilambakkam on the 30th January 1915, subject to the following conditions.

2. A deposit of Rs. 25 must be made by every intending bidder previous to bidding.

3. No person will be allowed to bid for another unless he holds a power-of-attorney from him authorizing him to do so.

4. The selling officer may, for valid reasons, refuse to accept any bid, and in cases of dispute his decision shall be final. If, for any reason, the highest bid is rejected, the selling officer, may, at his discretion, either accept the next highest bid or commence the auction again.

5. The sale will be subject to formal confirmation by the Deputy Commissioner who may either accept or reject the final bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

6. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.

7. As the auction proceeds, each successful bidder shall at once, if so required by the selling officer or otherwise at the close of the day's sale, make a further deposit equal to one-fourth of the purchase money. Should he fail to do so, the deposit made by him under condition 2 *supra* will be forfeited and the salt pans will be put up to auction again on the above conditions or otherwise disposed of, as the Deputy Commissioner may determine and the defaulter may be debarred from bidding again at any subsequent sales of salt pans by the Deputy Commissioner.

8. On receipt of intimation of the final acceptance of the bid, the successful bidder shall at once pay the whole amount of his bid after deducting from it the amount of deposits already paid by him. Should he fail to do so, the deposits made by him under conditions 2 and 7 *supra* will be forfeited and the salt pans will be sold or otherwise disposed of, as the Deputy Commissioner may determine.

9. Resales effected under condition 8 will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable from the defaulter in the manner laid down in section 64 of the Madras Salt Act IV of 1889. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the salt pans are disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

10. The purchaser will be required to sign and deliver to the Commissioner a muchilika or engagement to observe all the conditions of the license to be granted to him. The prescribed form of the muchilika and license can be seen at the office of the Inspector of the Covelong Circle.

9. Rosales affected under condition 8 will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the manner laid down in section 24 of the Madras Salt Act IV of 1889. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the salt pans are disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

10. The purchaser will be required to sign and deliver to the Commissioner a muchilika or engagement to observe all the conditions of the license to be granted to him. The prescribed form of muchilika and license can be seen at the office of the Inspector of the Ennore Circle.

11. License to manufacture salt under the monopoly system will be granted to the successful bidder after he has accepted a lease (the form of which may be seen in the Circle office). The term of such lease will be for five years and the license granted in each case will be in force only during the continuance of such lease. In the event of the lease being determined before the expiry of the period fixed in consequence of the pans being at any time resumed by Government or of the factory being converted into one for manufacture of salt for general sale, the purchaser will not be entitled to any compensation.

STATEMENT OF OBJECTS AND REASONS.

Since the existing Madras Port Trust Act was enacted there has been a considerable change in the circumstances in which work is carried on in the port of Madras. The increase of facilities for handling goods in the port has created new demands and new relations between the Board and its customers, and it is deemed necessary in some respects to define the consequent responsibilities and powers of the Board more clearly. In particular, it is thought desirable to define more precisely the responsibilities of the Board as a bailee in respect of goods passing through its premises, and to empower it to handle passenger traffic, such as troops and emigrants between the ship and the shore. Advantage has been taken of this opportunity to remove certain obscurities in the Act, to delegate increased financial powers to the Board and to make more elastic its power of adjusting its rates of charges to meet the varying needs of trade.

2 An explanation of the main amendments which it is proposed to make is given in the subjoined notes on clauses:—

Notes on Clauses.

Clause 3.—The definition of the terms "dock" and "harbour" is amended so as to cover the area which is not enclosed but merely protected by the breakwaters. The term "wharf" is amended so as expressly to include any walls or stages built on the foreshore.

Clauses 4, 5 *and* 20—propose merely a rearrangement of existing provisions.

Clauses 6, 8 *and* 9.—The Government consider that the position attained by the Southern India Chamber of Commerce, which came into existence since the present Act became law, entitles it to the privilege of electing two members to sit on the Board. The amendments proposed in sections 15 and 18 are consequential.

Clause 7.—The present Act does not define the term of office of a Trustee appointed so as to increase the strength of the Board; it is proposed to remedy this defect by enacting that

such appointment shall take effect from the date thereof and shall terminate when the term of office of the remaining trustees terminates under section 11 of the Act.

Clause 10.—The omission of the words "by the Secretary" is proposed, as there is no separate appointment of 'Secretary" on the staff of the Port Trust Board

Clause 11.—Section 36 (3) of the present Act restricts the use of the railway by the Port Trust Board to the conveyance of goods, but the Board has actually developed a system of carrying troops, emigrants and passengers through the harbour premises from or to the ship's side. It is proposed to empower the Board to carry passen ger traffic over its railway lines.

Clauses 12 *and* 13.—The amendment to section 39 empowers the Board expressly to land, ship and tranship passengers as well as goods. Doubts having been expressed regarding the powers of the Board to relinquish the services which it has once undertaken to perform and regarding its liability as bailee in respect of goods passing through its premises, it is proposed to recast the sections entirely so as to make the intention clear and unambiguous.

Clauses 14, 15, 16 and 23.—The amendments mainly define existing powers in more exact language

Clause 17.—The addition proposed to sub-section (2) of section 44 effects a delegation of power to the Port Trust Board which is considered necessary It is also proposed to empower the Board on its own responsibility to vary the scale of rates between certain maximum and minimum rates sanctioned by the Government so that the scale may be easily adjusted to conditions of trade. A similar practice obtains in the case of railways under the Indian Railways Act

Clause 18.—At present the Port Trust has a lien only on the goods that have incurred the dues. It is proposed to improve the Board's power of recovering its dues by giving it a lien on other goods within its premises belonging to the same owner.

Clause 19.—It is proposed to enhance the Port Trust Board's powers of sanction to Rs. 50,000.

Clause 21.—The compulsory publication of the audit report and the accounts in the newspapers is deemed to be unnecessary

Clause 22.—The addition proposed has been found in practice to be required

Clause 24.—The amendment is proposed in order to ensure the legality of the procedure followed at present in levying the penalty for understating quantity. It is also proposed to penalise a false description of goods in the same manner as an understatement of their quantity or weight.

Clause 25.—The boundaries of the several immovable properties vested in the Board have changed very greatly since the Act was passed in 1905. Hence the amended schedule now proposed
